

Washington City.

24th Jan., 1864.

My dear Sir:

An effort will be made here, at the proper time, to secure my appointment as Commissioner of Indian Affairs.

Mr. Phillips suggested this place to me last year, when it was then being talked about. He and you and all our friends ought to have something to say about it now. Would my appointment be satisfactory to you and Boston friends?

If so, would it not

he will to forward a petition  
to that effect.

You certainly ought to  
agree upon some one person,  
and unite all your influence  
in his favor for the position.

Please let me hear from  
you on the subject.

Very truly Yours,

M. F. Conway

Mr. Lloyd Garrison, Esq.
